## **CUSTOMER GRIEVANCE REDRESSAL POLICY**

### **Introduction**

The TranServ Limited (“TranServ”) as a service organization, imparting good customer service and enhancing level of customer satisfaction is our prime concern. Providing prompt and efficient service is essential to attract new customers, as well as to retain existing ones. We believe that increase in market share and building brand value is possible only by providing quality service in the shortest possible time ensuring prompt redressal of customer complaints and grievances.

The review mechanism for grievance redressal should help in identifying shortcomings in product features and service delivery.

This TranServ grievance redressal policy aims at ensuring prompt redressal of customer complaints and grievances. It also deals with the issues relating to services provided by the outsourced agency.

Our policy on grievance redressal follows the under noted principles:

- Customers shall be treated fairly at all times.
- Complaints raised by customers are dealt with courtesy and without undue delay.
- Grievances of pensioners, physically challenged and senior citizens are dealt with on priority basis.
- Customers are fully informed of avenues to escalate their complaints/grievances within the organization and their rights to alternative remedy, if they are not fully satisfied with the response of the company to their complaints.
- All complaints to be dealt efficiently and fairly as otherwise they can damage our reputation and business.
- Our employees would work in good faith and without prejudice to the interest of the customers.

In order to make Grievance Redressal Mechanism more meaningful and effective, a structured system has been built up towards such an end. This system would ensure that the redressal sought is just and fair and is within the given framework of rules and regulation.

However, in relation to grievance redressal procedures, we have a dedicated email id to lodge any grievance by any customer if they want to do so - [grievance@dhani.com](mailto:grievance@dhani.com).

1. A complaint is an expression of dissatisfaction made to an organization, related to its products, or services, or the complaints' handling process itself, where a response or resolution is explicitly or implicitly expected.

**Grounds of Complaint:** Any customer aggrieved by an act or omission of the company resulting in deficiency in service may file a complaint personally or through an authorised representative (i.e. a person, other than an advocate, duly appointed and authorised in writing to represent the complainant in the proceedings before the Ombudsman).

The customer has a right to register his complaint if he is not satisfied with the services provided. There are four ways to lodge a complaint - in person, by telephone, by mail/post or by e-mail/internet. Complaints received through all of these channels must be handled efficiently and swiftly. If customer's complaint is not resolved within the prescribed time frame or if he is not satisfied with the resolution provided by us, he can also approach the office of Intergrated Ombudsman set up by RBI with his complaint.
